THE CREDIT REPAIR PROCESS

CONSULTATION

This phone call is to determine if you qualify for our program by discussing your credit situation, your goals, and your timeline.

You will have an understanding of the program and a brief overview of the laws surrounding credit.

1

ENROLLMENT

Our enrollment process is quick and to the point. You will receive instructions on how to access your credit report and sign our agreement.

Once we have access to your credit report, we will send you a complete analysis of your credit so that you know exactly what is affecting your score, as well as a personalized game plan on the accounts that are beneficial to attack. Upon your approval, we immediately start disputing.

2

REPAIR & REBUILD

There are two important sides to credit restoration: repairing & rebuilding.

The repair side is done completely by Take Charge Credit Consulting. Transparency is key with us, so you will have access to our portal detailing what exactly is happening. You will also get email updates when new disputes go out, along with texts of results and wins!

We assist as much as we can with the rebuilding side by recommending the best routes for you as well as providing you with essential credit education.

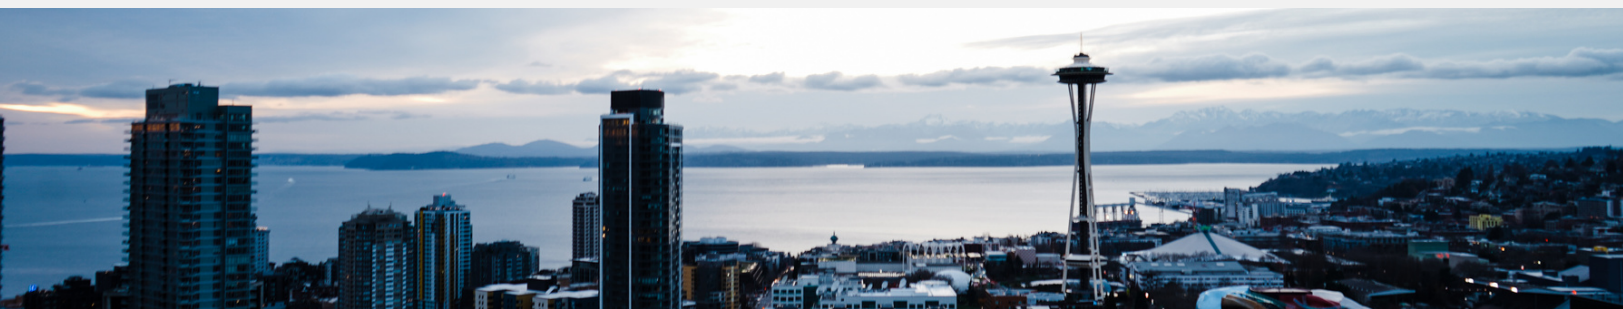

3

GOAL SETTING

The benefits of an increased credit score are endless! You will save money with lower interest rates, you will have access to thousands of dollars in available credit, and more. Ultimately you will be able to get your dream home, dream car, and dream career!

The days of being denied are over, look forward to being APPROVED because you are now IN CHARGE.

OUR CLIENTS LOVE OUR WORK!

There is so many wonderful things I could say about Tierra and Take Charge Credit Counseling. She has produce REAL RESULTS!!! My credit was ruined from a divorce. She helped me to feel comfortable and at ease, she also walked me through every step of the way. I also know Tierra personally and at first when I signed up for the Take Charge Credit Counseling I was nervous and not sure if my credit could be saved. Tierra has worked her magic and is continuing to help me level up on my credit game!!!

MADÉLAIN NORTON

I had recently experienced a major dip in my credit unexpectedly which was a no go because I was wanting to buy a house. I could not get above a 660 credit score no matter what I did. After the dip I had gone down to mid 500's. I finally called Tierra at Take Charge and she did an initial consult. I literally did nothing and Tierra did it all and three months later I had a 760 credit score, I bought an amazing house with a great rate and it was all thanks to Tierra. She makes dreams come true.
